The novel coronavirus, COVID-19, is extremely contagious and is believed to spread mainly through person-to-person contact. Pacific Science Center is pleased to provide important recreational and development opportunities for youth and families in our region in a manner that meets all applicable safety requirements and guidance.

Complete the following COVID-19 Screening daily before bringing your camper to camp.

**YES**  **NO**  
Please answer – Has your camper had this symptom in the last 24 hours?:

A fever of 100.4°F or higher  
A cough  
Shortness of breath or difficulty breathing  
A sore throat  
Headache  
New loss of taste or smell  
Muscle or body aches  
Nausea/vomiting/diarrhea  
Congestion/running nose – not related to seasonal allergies  
Unusual fatigue

Please answer the following questions:

Is your camper fully vaccinated and boosted, if eligible*, against COVID-19? A camper is fully vaccinated after two weeks have passed from the second vaccine dose.

Has anyone in your household had any of the above symptoms in the past 24 hours?

Within the past 5 days, has your camper been in close physical contact with anyone with suspected or confirmed COVID-19?

Has your camper traveled** in the past 5 days?

Has your camper had a positive test result for COVID-19 in the past 5 days?

Is your camper currently awaiting the results of a COVID-19 test taken due to possible exposure or symptoms and not from routine asymptomatic screening?

Has a public health or medical professional instructed your camper to self-monitor, isolate or quarantine because of concerns of COVID-19 infection?

Has your camper had any medication to reduce a fever before coming to camp?

*Depending on age, individuals are generally eligible for a booster shot either: (1) 6 months after completing the primary series of Pfizer or Moderna vaccine, OR (2) 2 months after completing the primary series of J&J vaccine.

**For the purpose of this policy, “travel” includes, but is not limited to:

• Using long-distance public transportation (e.g. cruise ships, interstate buses, airplanes)
• Lodging in a multi-household setting outside your primary residence (e.g. hotels, campgrounds, accommodations shared with another household)

STAFF WILL VERIFY TEMPERATURES ARE BELOW 100.4°F USING A NO-TOUCH THERMOMETER.

I am authorized to execute this document as parent/guardian to the listed camper and I verify the information provided is correct.
