

FIELD TRIP EXPERIENCES

LASER SHOWS

At 80 feet in diameter, experience the largest and longest-operating Laser Dome theater in the world. See brilliant laser imagery performed live with spectra of color and effects by the world's foremost laser artists and all mixed during the show in a fusion of 15,000 watts of digital sound. Stir the imaginations of your students with brilliant laser imagery performed live to popular music tracks, with an educational twist! **30 minutes**
